GRACEFUL WOMEN

accomplished by will power. Disturbed nerves indicate disease. ervous women are seldom grace-

ful. If graceful naturally, they soon lose their ease of movement. Many pervous women are astonished to find they have catarrh. Catarrh penetrates everywhere; Pe-ru-na cures it wherever located. It makes calm nerves and drives out catarrh, for the nerves control catarrh.

Mrs. C. C. Filler, 135% S. Fourth

St., Columbus, O., writes:

Dr. S. B. Hartman, O. DEAR SIR:—"For ten or fifteen years I' have been subject to nervous dyspepsia. I would have spells of quivering in my stomach with smothering feelings. My nerves were terribly debilitated. I was suffering from what is called nervous prestration. My stomach felt bloated and I was constantly weak and trembling. I consulted several physicians who treated me without doing me any good. I had almost given up in despair when I heard of Per-u-na. It was about six years ago that I first took Pe-ru-na. I found it an immediate relief to fill my disagreeable symptoms. It is the only medicine that has ever been of any use to me."

Send for Dr. Hartman's books on catarrh; they are mailed free. Special book Send for Dr. Hartman's books on catarrin; they are manier iver. Special confor women. Pe-ru-na cures the diseases of the mucous membrane, and at the same time builds up the general health. All druggists sell it.

Mrs. Rosina Horning. River Basin, Mich., writes: "Last summer I was troubled with female weakness. Pe-ru-na helped me and now I can do my own work."

Here is a letter from Mrs. Lucie Waldie, Otsego Lake, Mich. She writes:

"For three years I suffered with catarrhal dyspepsia. My mouth was so sore I could scarcely eat. I wrote to you for advice and you told me to take Pe-ru-na and Man-a-lin. I at once got some and began to take it. It has been ten months since I began to use your medicines and I am perfectly well. I have no signs of my old trouble."

The magnificent work accomplished by Pe-ru-na during the past forty years a curing catarrhal trouble, is reflected in thousands of letters on file and constantly being received.

Eva: Every afternoon about 5 o'clock I begin to gape and yawn and I yawn and gape and yawn till bed-time. If I nip one yawn in the bud the next follows almost immediately and is bound to be a regular jaw-breaker.

MAY: I had such an experience myself one time, and I remember asking the doctor whether one should try to keep from yawning, and he said no, that the act of gaping gives to the blood, more oxygen and acts by mechanical pressure on the heart and lungs. If one has chronic gaping it is a symptom which should cause the affected one to look after her general health, for it is a sure sign that something is wrong.

MRS. MOORE: It is pretty well understood that yawning is an ailment that comes from indigestion or lack of tone in the system and may be cured by taking a Ripans Tabule before retiring. After a few days of this treatment the tendency will disappear.
